# Mortgage Term Extending Beyond Retirement

For most employed and self-employed applicants income will reduce, sometimes very significantly, after retirement. Therefore, if applicants intend to retire before the end of their mortgage term, they must satisfy themselves that they will be able to afford to repay the mortgage and other commitments after they have retired.

Joint applicants must also consider the adequacy of their pension arrangements in the event of death of either party.

In question 13 on page 3 of this application form applicants are required to provide their anticipated retirement date. If the mortgage term will extend beyond the intended retirement date of any applicant, please provide details of your expected pension income and the source of this income.

15. Assessment of the property for mortgage purposes

An Independent Valuer for whom the Society does not accept any liability will provide the Society with a report assessing the adequacy of the property for mortgage purposes only. This report is based upon a limited inspection and is not a full Buildings Survey. You are therefore strongly recommended to obtain your own report on the condition, value and energy efficiency rating of the property based on a fuller inspection.

If the property has suffered from structural problems, the Society may require that a full survey of the structure of the property is provided. The provision of such a report is made at your own expense but does not guarantee that an offer of advance will be made.

If this is a joint mortgage it will be assumed that this loan is being requested for a purpose which will benefit both/all borrowers unless you advise us otherwise.

Your Mortgage will be arranged as a Repayment Mortgage unless you specifically apply for an Interest Only mortgage. Please note that an Interest Only mortgage is only available for Buy to Let applications and in limited circumstances, for intermediary introduced residential owner-occupier mortgage applications. Introducers should refer to the on-line Introducer Guide to Terms & Underwriting Criteria.

# Your Monthly Mortgage Payments

#### 1. PAYMENT DAY

Mortgage payments will be collected by Direct Debit, in accordance with the mandate contained in the last page of this application form and which you are required to complete as part of this mortgage application.

There is a choice of 4 payment dates in each month. Please specify your preference of the available dates by completing the Direct Debit mandate on page 20.

We cannot guarantee that the Direct Debit payment will always be collected exactly on your preferred date. Payments will be collected on, or as soon as possible after, your preferred date.

If you have a mortgage with daily interest calculation, it is to your advantage to make payments earlier in the month. Paying later in the month will result in more interest being charged.

Customers who prefer to have their payments credited to their mortgage accounts on or around the first day of each month often start their Direct Debit payments from the last banking day of the preceding month. Please tell us if you would prefer this option.

#### INTEREST CHARGES FOR THE MONTH WHEN THE MORTGAGE MONIES ARE RELEASED

You will be informed of the amount of interest for the month when the mortgage monies are released and which is not covered by the first normal monthly payment. It is recommended that you make a separate payment for this, otherwise it will be added to your mortgage balance and will incur interest charges (this is often referred to as 'Broken Interest').

I/we further understand that the Society does not accept any liability for the accuracy or contents of the valuers report.

This financial linkage will continue until I, or one of my partners, successfully files a notice of disassociation with the credit reference agencies.
